

Smithfield Ceiling Pro

Designed by Jasper Morrison, 2009

45W - 2791lm - 2700K - CRI> 95

Ceiling-mounted lamp emitting direct light. Features an aluminium body with an injection-moulded opalescent methacrylate diffuser. Steel ceiling and wall attachment. LED module integrated available in 2700K and 3000K colour temperatures; 3500K available upon request. Dimmable through Dali or Push control options.

Part of the Smithfield family by Jasper Morrison, Smithfield Ceiling draws inspiration from the industrial lighting of London's historic Smithfield Market. True to Morrison's Super Normal design philosophy, it balances utilitarian character with refined simplicity. The ceiling-mounted version retains the generous form of the suspension lamp in a clean, space-conscious solution. With its combination of technical performance and understated presence, Smithfield Ceiling is equally suited to both domestic and commercial environments.

In our constantly evolving world and business, technical upgrades happen every day. This means all product specifications and data are subject to change without warning in order to improve reliability, function, performance or otherwise. We make every effort to ensure the accuracy of our product images, however due to different lighting and screens used for viewing, the colours may vary. Images are indicative of the quality and style of the product but may not represent the precise details of the product you receive. This is because we are constantly working to make improvements. For aesthetic reasons, cables and/or electrical elements are often not shown. Refer to technical data sheets for all technical data. Images and colours are not part of any contract or warranty in any way.
